COMPILED DATA OF CANDIDATE FEEDBACK

Section 1: Content of the Course:

Section 2: Comments:

- *Got a clear idea about OSCE in general and all aspects of clinical skills.*
- *The course was very well organized, appropriate material was provided and all queries were answered.*
- *The one to one feedback kept us motivated and focused.*
- *Group discussions and mock exam were very helpful.*
- *Learned how to do a good consultation in 10 minutes.*
- *The key is to be natural, focused and patient centered.*
- *My consultation style was haphazard and the course helped me to improve it; feeling more confident now to take the OSCE.*
- *Examination skills session was really very helpful. Now I know what focused examination means.*
